*Disclaimer: The Project has been accorded the approval and permission for construction by Jaipur Municipal Corporation vide its letter bearing no. एफ 13 उपा.आयौ./नमिज./2020/240 Dated 02/02/2021 for 32 meters. It has been specifically made clear to the prospective allottees that presently permission for construction has been granted by the competent authority for 32 meters (Lower Basement + Upper Basement + Ground+ 9 floors). **Thereafter, the developer made an application for revision of maps. Jaipur municipal corporation (Heritage) in its BPC(BP) meeting dated 16/06/2021 decided to approve the additional 11.19 meteres (32 meteres + 11.19 meteres = 43.19 meteres) building i.e, (Lower Basement + Upper Basement + Ground + 12 floors). Permission for construction of the additional floors is under process as per law. Upon receipt of permission for constructing the same, construction will be made and also a revised payment plan may get implemented and will be informed to allottee(s) by the Promoter and Allottee(s) shall have no objection regarding the same.***

The images and design provided in the brochure are conceptual and are for illustration purpose only. The promoter reserves the right to alter, change, add or delete any of the specifications mentioned herein, due to the site conditions, construction exigencies, unavailability of material, etc.. The direction and the dimensions mentioned may vary from the details mentioned in the brochure.

# life is a divine experience

Live a life to be proud of.  
Live in the expanse of  
infinite possibilities.

True to its name, DIVINITY lets you explore the divine joy of being at home where every moment unfurls and blooms with love. It is a home for those who wish to live a life of ecstasy and awe.

# Gold Standard Green Norms Building

- Building façade along with underdeck roof insulation and high S.R.I tiles designed to prevent direct solar heat gains in the Interiors.
- LED based Interior lighting in common areas saves electricity during the day.
- Large windows planned to maximize daylight inside the apartments.
- Maximised outdoor view of natural surroundings provides peace and tranquility.
- Use of STP to recycle water for flushing and landscaping purposes.
- Rainwater harvesting.
- Organic waste treatment to convert into compost.
- Solar Energy plant of 20 KWA.
- Certified wood will be used in the project.
- 50% construction material sourced from local manufacturers, cutting on long distance transport to reduce Carbon footprint.
- Conserving natural resources by using recycled material-fly ash bricks, recycled glass, gypsum plaster, Portland cement etc.

## Improving Life Efficiency & Urban Bio-Diversity by Trimurty

Trimurty, of late, has been receiving accolades at national level platforms. It is all because of the initiatives and adherence to ecologically-sensitive work ethos. It has acknowledged a new force to an improved quality of life by going beyond the so far oft-cited applications of green plants and lawn-approach.

It has assumed leadership by offering better breeding-opportunities to House Sparrow, the common bird, becoming uncommon in urban landscapes. We have been encouraging residents to adopt Nest Boxes within their premises. Birds are indicators of urban life. Gifting Nest Boxes and Feed Boxes has become our conservation-cult.

Lend a hand to create a better environment. You are welcome to pick up a Nest Box from our office and fix it at home to improve quality of life. We shall love to have more participating citizens in this drive to make Jaipur the best environmental friendly urban scape.

Another focus we dwell on is the selection of trees, shrubs, and bush species. They need to be home-grown or native, so as not to utilize excessive water and provide optimum benefits. Numerous consequential benefits are received by residents when such aspects are adapted.

*“Trimurty's urban bio-diversity conservation initiative in Jaipur is a new benefit to home owners.”*

Known for quality construction, superb architectural design and usage of latest materials and concepts in its projects, Trimurty Colonizers and Builders Pvt. Ltd. started its first project, the Trimurty Apartments in the year 1995, patently dictated the intentions of Mr. Udai Kant Mishra by creating a land mark in the history of apartment dwelling in Jaipur.

Today, the company has gone a long way and stretched its wings to townships, hospitality and education. Some of its successful projects in Jaipur are: Trimurty Apartments, Trimurty's Ariana, Trimurty Aurum, Trimurty's Dave Apartments, Trimurty's Gulmohar, The Fern - An Ecotel Hotel, The Wallstreet - A Business Hotel and Geeta Global School to name a few.

A few of our recent projects at a glance...

THE FERN HOTEL

THE WALLSTREET HOTEL

GEETA GLOBAL SCHOOL
